WAR MAY BE STOPPED BY EUROPEAN POWERS

Fear General Conflict—Italy Bombards Prevesa---Invades the Austrian Border

LOS ANGELES, Sept. 30.—With the unanimity of a well trained military body, the 1500 employees of the Harriman railway shops in Los Angeles, dropped their tools when signals from their leaders at ten o'clock this morning announced the opening of the battle of the system Federation of the shopmen against the railroads. The day's work began today as does that of any ordinary day. The only difference marking it was the earnest, but quiet conversation which was general a few minutes before the whistles blew the call for the men to go to work. After that each man went about his duties as he would have done on any other occasion. There was no lagging.

At the S. P. shops, the beginning of the strike was announced by James J. Jones, president of District No. 6 of the System Federation. Shoulder to shoulder the men marched from the shops, their faces tense but marked with the strong lines of confidence, over the outcome of the issue which involves the existence of the System Federation. Outside of the shops, the same military precision marked their proceedings. The men formed in long columns, and their bearing was that of a regiment of soldiers about to begin a stern battle.

At another signal the blacksmith shop employees started on a strong, swinging gait to the boilermakers' quarters. There the two divisions combined, and another march commenced to other quarters where the remaining shopmen joined the column, and the small army swung out of the yards.

Over at the Salt Lake shops the scene was practically duplicated. There was the same resolute bearing and confidence, and the same orderly attitude.

James L. Compton was the union official who directed matters here. In obedience to orders the men have not attempted to parade or to hold any demonstration. The union men went quietly to their homes to gather again at Labor Temple at 2 o'clock this afternoon to form the organization of the strike.

STRIKERS OF WEST ENTER ST. ANA, ENTIRELY UNITED

SAN FRANCISCO, Sept. 30.—Reports from every shop on the Harriman lines at of the Rocky mountains declare that practically every shopman in every shop is out to enforce the demands of the workmen for recognition of the system federation, better working conditions and increased wages.

Promptly as the hour of 10 struck, from Idaho to Arizona the men laid

BANDIT ZAPATE TO FIGHT TO DEATH

Refuses to Take Terms—Madero Finds Reyes and Gomez Plan Revolt

MEXICO CITY, Sept. 30.—The president's cabinet, at its session yesterday refused to permit Zapata to surrender without punishment ordered. The bandit, if captured, will be tried in the federal courts. This message was telegraphed to Zapata. The latter replied, refusing to accept terms. He declares he will fight the government to the death. He claims to have 18,000 men with him in the Oaxaca mountains.

Gustavo Madero, brother of Francisco, declared yesterday that Reyes and Emilio Vasquez Gomez plan to unite and start a new revolution. He says Madero is preparing to fight them. One thousand rifles were found hidden at Peralvillo, a suburb, yesterday afternoon, for use against Maderistas on election day. Thirty-nine arrests have been made.

CIVIL WAR VETERAN DEAD

LOS ANGELES, Sept. 30.—Major Edward G. Russell, a veteran of the Civil War and for twenty years a resident of Los Angeles, died at his residence, No. 1247 Iowa street, yesterday morning. His death was not unexpected, as he had been sick for six months with dropsy. He was 87 years old.

LONG BEACH WOULD SECURE CONFERENCE PERMANENTLY

LOS ANGELES, Sept. 30.—Next year's sessions of the Southern California conference will be held in the first Methodist church at Long Beach. When the delegates at yesterday morning's business session made this selection at the urgent invitation of a large delegation of Long Beach boosters, a suggestion was made that the seaside city be selected as the permanent meeting place of the conference. This suggestion may yet take the form of a resolution.

CRAVATH WILL GO TO PHILADELPHIA

Decision Made Concerning the Disposal of Former Coast Baseball Star

CINCINNATI, Ohio, Sept. 30.—The National Baseball Commission decided the complaint of the Philadelphia National League Baseball club against the Minneapolis Baseball club regarding its claim to title to Player Cravath of Santa Ana, Cal. Player Peters of the Minneapolis club was awarded to the Chicago American League club and the draft of Player Cravath from the Minneapolis club by the Pittsburgh club was set aside. The commission holds that proof of President Fagoli's telegram of acceptance of the \$4000 option for Player Cravath's services having been lost in transmission is complete, and awards title to Player Cravath to the Philadelphia National League club in compliance with the terms of the Minneapolis club, and the commission will forward the \$4000 check in its hands to the Minneapolis club at once, it announced. As Player Cravath was drafted by the Pittsburgh club pending the investigation of his status that draft is set aside, and the Chicago American League club is awarded its selection of Player Peters from the Minneapolis club.

EAMES-GORGOZA WEDDING VALID

ROME, Sept. 30.—Emma Eames' marriage to Emilio Gorgoza has been sanctioned by the Vatican, as her first marriage was outside the church and she was abandoned by her husband. The case of Gorgoza is similar, he having married a Jewess in the first union.

CINCINNATI, Sept. 30.—The men of power of Wall Street and its massed wealth, its mad pursuit of dollars and its ruthless warfare were declared yesterday by President John Cavanaugh of Notre Dame University to be among America's most dangerous forces, brutalizing men and despoiling them. President Cavanaugh, who is one of the most prominent Catholics attending the Eucharistic congress, also said that Wall Street was "our national bad example, because it is so successful."

"Money," he continued, "has been enshrined there and Jehovah banished."

The speaker also attacked modern drama and art and the modern philanthropies of the millionaires. He mentioned Rockefeller and Carnegie especially, declaring that they could never reach heaven on a tower built up of their moneybag philanthropies.

40,000 ACRES OF
CITRUS ORCHARDS

San Bernardino County Also
Boasts 2000 Acres of Apple Orchards

SAN BERNARDINO, Sept. 30.—There are 40,000 acres of citrus fruit orchards in San Bernardino county, 1700 additional acres not yet bearing and 3000 planted this year, according to the annual report of S. A. Pease, county horticultural commissioner.

That the apple industry is making immense strides is evidenced by the statement that 2000 acres of apples were set out this year.

Commissioner Pease recommends to State Commissioner J. W. Jeffrey that the legislature be asked to pass laws making infested orchards public nuisances.

The expenses of the commission this year were \$93,756.93. The receipts from fumigation charges were \$91,306.69. San Bernardino county now has abandoned public fumigation. Protection districts have been organized and the growers will fumigate their own trees.

BALLINGER WILL

125 VENIREMEN FOR M'NAMARA TRIAL

Judge Bordwell Arranges for Seating Newspapermen During Trial

Los Angeles Times: For the purpose of elimination and to thereby save valuable time during the actual progress of the trial of the McNamara brothers, Judge Bordwell yesterday drew from the jury wheel the names of 125 veniremen. Sheriff Hamel sent out deputies at once to serve the summonses, returnable Monday morning, October 9.

On that date the veniremen will be examined for cause why they should not be drawn as jurors in the dynamiting case. If the list is not completed Monday, the left-overs will return the following Wednesday, the opening day of the trial.

Yesterday afternoon Judge Bordwell conferred with the newspaper men with the view of placing in their hands the question of seating the representatives of the press who have asked for reservations. The press seating capacity is limited to about sixty-four.

BITTERNESS ON IN MEXICO ELECTION

Vice Presidential Candidate Charges Madero With Using Diaz Tactics

MEXICO CITY, Sept. 30.—Intense bitterness concerning the fight for election to the vice presidency of Mexico, between Vasquez Gomez and Pino Suarez, prevails today, Gomez charging that Madero, in his efforts to place Suarez in this important post, is using the political tactics of Diaz, which finally resulted in the ex-President's downfall and ostracism.

SUPERINTENDENT CRANSTON ISSUES IMPORTANT NOTICE

I desire to call the attention of parents to the following school law: Children shall be admitted to the beginning classes of any school only during the first month of the school year, and children who will be six years of age before the end of the sixth month of the school year shall be admitted at the beginning of the school year, and children who will not be six years of age by the end of the period specified shall not be admitted until the beginning of another school year. Beginners shall likewise be admitted to the beginning classes of the kindergarten during the first month of the school year, if such children will be four years of age before the end of the sixth month of

the school year, and children who will not be four years of age within the period specified shall not be admitted to the kindergarten until the beginning of another school year. I desire to call the attention of parents to the state law or compulsory attendance which provides that each parent, guardian or other person having control or charge of any child between the ages of eight and fifteen shall be required to send such child to a public school, during the time in which a public school shall be in session. A penalty is provided for failure in complying with this law. J. A. CRANSTON, Superintendent.

Statement in General Way as to What the Amendments Mean

(By Attorney Steele S. Finley of Santa Ana.)

The following is the order in which the amendments to be voted on October 10, will appear on the official ballot, and a brief synopsis of what each contains:

Amendment No. 1—Weights and Measures

Gives to the legislature the power to enact such uniform laws for the inspection of weights and measures and for the enforcement of such laws as will require the dealers to give full weight and full measure.

Amendment No. 2—Known as County Home Rule Amendment

Provides that any County MAY by a Majority vote adopt a Charter for their own government, consistent with and subject only to the Constitution of the State of California, which would give to the County the power to regulate the offices and fix salaries of their officers and other powers and functions now exercised by the Legislature at Sacramento.

Amendment No. 3—Legislature and Laws

Provides that when the Legislature assembles it shall continue in session not to exceed thirty days, then take a recess for not less than thirty days, when they shall reassemble, and on reassembling no bill shall be introduced in either house except with the consent of three-fourths of the members thereof and no member shall after the reassembling of the legislature be permitted to introduce more than two bills at that session.

Amendment No. 4—Woman Suffrage GIVES TO WOMEN THE RIGHT TO VOTE.

Provides that "any person, firm, company or corporation taking private property under the law of eminent domain for such purposes shall thereupon and thereby become a common carrier" thus bringing them under the control of the State Railroad Commission and requiring them to carry the freight of other people and if they are carriers of passengers to carry all passengers as do other transportation companies.

Amendment No. 5

The present law forbids the amending of a freeholder charter of cities, oftener than once in two years. The Supreme Court has contended that to mean that a vote could not be taken oftener than once in two years, which would frequently require a special election to be held for that purpose; because it often happens that a general election occurs a few days before the expiration of two years since an election has been held, at which, amendments to city charters had been voted upon.

Amendment No. 6—City Charters and Amendments

The present law forbids the amending of a freeholder charter of cities, oftener than once in two years. The Supreme Court has contended that to mean that a vote could not be taken oftener than once in two years, which would frequently require a special election to be held for that purpose; because it often happens that a general election occurs a few days before the expiration of two years since an election has been held, at which, amendments to city charters had been voted upon.

Amendment No. 7—Initiative and Referendum

Initiative provides that the people may pass laws or amend the Constitution independent of the legislature. Referendum provides that the people may, by majority vote, within ninety days after the adjournment of the legislature, repeal any measure passed by the legislature, except "emergency measures passed for the immediate preservation of the public health, peace and safety."

Amendment No. 8—THE RECALL

Provides that if any public official proves inefficient, derelict or false to his office he may be removed by a majority vote of the people and at the same time another elected in his stead.

Amendment No. 9—Criminal Procedure

"Prohibits reversals in criminal cases, except it is apparent that there has been a miscarriage of justice."

Amendment No. 10—Employers Liability Law

Provides that "the legislature may by appropriate legislation create and enforce liability on the part of all employers to compensate their employees for any injury incurred by the employees in the course of their employment irrespective of the fault of either party. The legislature may provide for the settlement of any disputes arising under the legislation contemplated by this section, by arbitration or by an industrial accident board, by the courts, or by either or all of these agencies."

Amendment No. 11—Civil Service

Empowers the legislature to enact a more perfect and efficient Civil Service law.

Amendment No. 12—Railroad Commission Powers

Empowers the State Railroad Commission to supervise, regulate and fix rates of all public service corporations, such as railroads, interurban roads, light, power and water plants, express, telegraph and telephone service and rates.

This does not apply to public utilities owned by cities unless the city votes to come under the control of the Commission and they may by vote at any time withdraw from such control.

Amendment No. 13

Grants to cities more fully, Home Rule. Extends the scope of Civil Service and power to regulate elections in their own cities.

Amendment No. 14

Grants to cities power to establish, own and operate public works for supplying light, heat, power, transportation, telephone service &c.

Grants to cities the absolute right to regulate the use of its streets by corporations and prevent their being torn up and destroyed whenever, wherever and however any person or corporation may wish.

Amendment No. 15

Provides that, "no change shall be made in text books oftener than once in four years which will necessitate the purchase of new books by pupils."

Amendment No. 16

Increases the membership of the Railroad Commission from three to five.

Makes the position appointive instead of elective.

Makes the term of office six years. Provides that the term of office of not more than two members shall expire at the same time.

Provides that they may be appointed from the State at large.

Gives the Commission power to examine all books and papers of railroads, to subpoena and compel the attendance of witnesses before the commission.

Amendment No. 17

Provides that all charters of cities and counties may provide for the manner in which its elective officers shall be elected.

ORDER PREVAILS AS TOOLS ARE LAID DOWN

Men Show Confidence That Their Demands Will Meet With Recognition

SYSTEM FEDERATION MUST BE RECOGNIZED

Officials of Road Warn Men of Forfeiture of Pension and Other Benefits

BERLIN, Sept. 30.—According to a statement of a high official in the foreign office here today, an agreement between Germany, Austria, England, France and Russia to intervene in the Turkish troubles, is momentarily imminent. He states that the powers are alarmed, as indications point to the present struggle as becoming a continental affair.

TRIPOLI REPORTED AS UNDER BOMBARDMENT

LONDON, Sept. 30.—Owing to the Turks disregarding Italy's call for a surrender of Tripoli it is reported that the Italian fleet begun the bombardment of that city this evening. The report is unconfirmed.

CIVIL WAR THREATENS ITALY; MARTIAL LAW MAY PREVAIL

ROME, France, Sept. 30.—That Italy may be greeted by serious trouble at home, and that the government may be practically forced to carry on two wars, one against the Turk, and the other a civil war throughout the United Kingdom, is indicated by the advice received here from Rome and other parts of the Italian peninsula. The messengers state that the agitation against the war which Italy is waging against Turkey is becoming more formidable daily, and that the anti-militarist faction is increasing in strength and numbers. It is also said that as the general sentiment among the people of Italy is strongly against war, demonstrations may be expected at any time. It is known that King Victor Emanuel is seriously considering declaring martial law throughout the kingdom.

Turkish Transport Seized

ROME, Sept. 30.—Dispatches today state that the Italian squadron off Tripoli has seized the Turkish transport Derna, bearing the new Turkish governor prince. The Turks made no resistance.

ITALY MOBILIZES TROOPS ON THE AUSTRIAN FRONTIER

VIENNA, Sept. 30.—Italy is mobilizing her troops on the Austrian frontier. Italy has long desired to recover the provinces taken from her by Austria, but it is believed incredible that she will try to recover them now. The Austrian government is greatly excited.

TURKEY'S FLEET AT GOLDEN HORN LED BY AMERICAN

CONSTANTINOPLE, Sept. 30.—The Turkish fleet, with Admiral Bucknham, an American, in command, arrived here today from Beirut. Most of the vessels will be held at the Golden Horn, while the torpedo boats and destroyers will raid the Italian coast.

A national boycott of Italian goods has been started. The Italian warships at Smyrna and Salonica are reported to have orders to occupy both towns as soon as the boycott starts, but the Turks expect to resist such an attempt on the part of the Italian ships successfully.

Martial Law in Constantinople

CONSTANTINOPLE, Sept. 30.—Martial law was proclaimed today as a precautionary measure against a revolutionary uprising against the Young Turks.

Prevesa Bombarded

CONSTANTINOPLE, Sept. 30.—The Italian Fleet bombarded Prevesa today, destroying the government house and a number of private buildings. Another destroyer is reported to have been sunk, but the rumor is unconfirmed. It was also announced that the Italian troops have landed in Tripoli. The population of Prevesa is 7000, and the town has three ancient forts to protect it.

Turkish Destroyer Destroyed

SALONICA, European Turkey, Sept. 30.—A Turkish destroyer was destroyed by a mine today.

ITALY'S FLEET AT GOLDEN HORN LED BY AMERICAN

CONSTANTINOPLE, Sept. 30.—The Turkish fleet, with Admiral Bucknham, an American, in command, arrived here today from Beirut. Most of the vessels will be held at the Golden Horn, while the torpedo boats and destroyers will raid the Italian coast.

BUILDING ACTIVITY SHOWS CITY'S GREAT PROGRESS

IMPROVEMENTS PROJECTED ARE MANY

Building Situation Shows Indications of Continued Activity in the Future

ALL CONTRACTORS HAVE THEIR HANDS FULL

Permits for Actual Building Operations During Month Reach Total of \$57,589

Permits issued from the Building Inspector's office during the week ending last evening numbered eight, calling for total expenditures of \$29,725. Included in this total, however, is a permit for the new reservoir and pipe line being constructed by the city, costing \$20,000, which hardly comes under the legitimate head of building operations, although it is necessary that it go on the records. Leaving this out, permits for the month up to date, total \$57,589.

While the permits issued during the week show a decrease from the average, there is no indication of a decrease in the building activity. On the other hand, it is probable that many projected improvements are being delayed owing to the fact that all contractors and building trades have their hands full. It is the universal report of the contractors that they have various projects ahead, and all indications are that the present season will be one of the best the city has ever seen in the matter of building.

Operations at present are almost entirely devoted to substantial residences, of which there is a gratifying number in course of construction. There is talk of larger building operations which may be taken up in the near future, but none of the projects has yet reached a stage where it can be announced.

Following is the list of permits for the week:

W. H. Loucks, owner, O. L. Bergen, builder; frame cottage, 1206 West Fourth street; \$1500.

G. R. Hemstock, owner and builder; frame cottage, 416 East Pine street; \$600.

NEW HOME COMBINES COMFORT AND BEAUTY OF DESIGN

Among the residences just completed in the city which have attracted much attention because of their beauty and novelty of design is that of F. H. McElree, at 606 Ross street. This home is a model, inside and out, of what the California bungalow should be, and already several plans are being made to copy it.

This strikingly attractive bungalow of the Swiss Chalet type was built this summer for F. H. McElree, proprietor of the Santa Ana Paint Store, by Contractor Thomas Ash.

The exterior walls are covered with shakes—a requirement necessary for this particular style of house. The stain used in the finish and snow bank roof also show harmony. A large square front porch with twin gable, cobblestone piers and cement floor is

ship can do.

A private den with large casement windows on the south side and French windows opening on the front porch, is an indispensable convenience. As this room is all that its name implies its owners declare it to be a perfect luxury. The woodwork in these three rooms is of extra slash-grain, stained English fumed oak, which matches with the polished oak floors log-cabined to center. The bedroom opening from the private den is done in white enamel with white silk paper, and is fitted up with a large built-in chest of drawers and commodious closet. The bath and toilet are also finished in white enamel.

The cabinet kitchen is a fascinating as well as a most convenient feature, as there is nothing omitted in the fit-

a delightful feature of this house.

The honey and spacious living room, with its unique beams, elegantly papered walls, massive, broad mantle, large plate glass window and heavy oak door presents an air of unusual dignity and taste. The large, cheerful dining room with its imposing buffet, surmounted with beveled mirror extending across one end of the room, with its group of casement windows, its richly papered walls with alligator leatherette below the plate-rail, its richly tinted electric dome and beam lights, presents a charming picture demonstrating what artistic skill and careful workman-

ing up of this particular department.

The screen porch at the rear is fitted with laundry trays and sink. The back hall and bungalow stairway lead to the comfortable and well ventilated sleeping rooms on the second floor.

A cement driveway leads to the commodious garage built to correspond with the architecture of the house. It has cemented flooring and is a roomy and attractive building.

A number of persons contemplating building have already inspected this comfortable house, and the owners have given permission to others to investigate and will cheerfully give any information asked for.

R. B. Cook, owner; Chas. Carey, builder; frame porch, 545 East Washington; \$75.

Geo. S. Wilson, owner and builder; repairs to dwelling, 618 North Birch; \$50.

C. E. Reese, owner; Thos. Eccles, builder; one-story frame addition, 1205 East Second; \$200.

R. Y. Williams, owner; G. E. Preble, builder; two-story frame residence, 1602 North Main; \$5400.

REMODEL BUILDING

Orange News: Mr. John Schmidt, owner of the Schmidt block on North Glassell street, part of which is occupied by the Hub bakery, yesterday announced his intention of remodeling his building. Half of the block, which was formerly a barber shop, is vacant, and it is rumored that this will be occupied as soon as the work of remodeling is completed. The nature of the new business has not been made public, but a report is current that a dry goods stock it to be put in.

Mr. Schmidt was unable to visit that report yesterday. He has given the plans into the hands of Architect C. B. Bradshaw, and the work will proceed without delay, most of the remodeling to be directed at the front of the block. Mr. Schmidt anticipates no difficulty in renting his building when the work is done.

Putting It Up to the Men

It is practically settled that a large proportion of the fires that destroy property and endanger human life are started by careless smokers. Now, if smoking were a distinctly feminine habit there would be something doing!—From "As She Sees It," in the Lowell Courier-Citizen.

DOINGS AMONG THE CONTRACTORS

Contractor H. D. Straw is making rapid progress on the handsome new home being erected for J. W. Bishop on North Main street. The interior woodwork has been finished on the second story, and the painters will enter Monday. The carpenters are now engaged on the interior finish of the first floor, which will be very elaborate. It will require over a month to finish the work.

Architect F. H. Eley has completed plans for the new grammar school to be erected at Placentia, and bids have been advertised for. This school is to be one of the handsomest in the county, the estimated cost including adjacent outbuildings being \$38,000.

Steel work for the new building of the Orange County Savings Bank, on West Fourth street, has been going up this week under the direction of Contractor Black. The building is to be steel frame throughout, on the most modern designs.

Mitchell & Browne, the decorators, are engaged in a thorough interior remodeling of a residence for Silas Wright at 842 Riverine avenue. The plans call for an elaborate piece of interior ornamentation.

Architect F. H. Eley has prepared plans for alterations in the jewelry store of Carl G. Strook, on Fourth street. The rear part of the store room is to be cut off by an art partition, and on each side of a central passageway will be constructed two rooms which will be used for demonstrating the musical instruments sold by the firm. The rooms will be handsomely paneled and equipped, and will also serve as rest rooms for customers who may wish a period of quiet.

Frame work is going up for the new edifice of the United Presbyterian church, at Sixth and Bush streets. Massive timbers are being used in its construction, indicating a building which will be substantial as well as handsome.

Contractor G. E. Preble this week started work on a new residence for R. Y. Williams at 1602 North Main street. The building is to be two stories, containing nine rooms, and will be handsomely finished inside and out. The contract price is \$5400.

YOUR STOMACH TROUBLE GOES

No Indigestion, Gas, Heartburn
Or Dyspepsia Five Minutes Later

There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sour acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Pape's Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, nausea, headache, biliousness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one 50-cent case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Pape's Diapiesin, which will always, either at daytime or during night, relieve your stomach misery or digest your meals, is about as handy and valuable a thing as you could have in the house.

YOUR STOMACH TROUBLE GOES

No Indigestion, Gas, Heartburn
Or Dyspepsia Five Minutes Later

There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sour acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Pape's Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, nausea, headache, biliousness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one 50-cent case is sufficient to cure a whole family of such trouble.

SPEND MONEY ON BATHROOM

Authorities Say on No Other Part of House Can Better Returns Be Secured

People who build houses these days are devoting more attention than ever before to esthetic ideas in interior finish and equipment. In this connection the following from the "Bulletin" of the Chicago Board of Health, is of interest, and may give some valuable ideas to those who are preparing to build:

If there be one room in the home that should be kept neater, cleaner, and more attractive than any other, it is the bath-room. If you have money to spend, put a goodly portion of it into the bath-room construction. Tiled floors and wainscoting are non-absorbent, easily kept clean and house vermin of all kinds find no abiding places as are offered by wooden floors and lathed and plastered walls.

The attractive, well-equipped bath-room is a good habit-former. Its influence on the children in helping them to habits of cleanliness cannot be overestimated. A prominent New York settlement worker, in a recent address, said that it was not because the poor people of the city were by nature dirty and untidy, but because from their childhood they have not had the bath-room facilities that would give them a chance to keep clean, that they showed such indifference to unsanitary conditions.

In order to hold children in the formation of good habits, you should get them to take a delight in doing right things. They are not likely to want to take bath because "they are good for them," for the simple reason that they cannot see nor understand the whys of sanitation. But they do take naturally and most kindly to things that are pleasant. If the bath-room is dark, stuffy, cold and disagreeable they will avoid it and enter it only when compelled to. If, on the other hand, it is light, airy, clean, and attractive, they will take joy and pleasure in its use. And this makes such a bath-room the very best kind of a habit-former.

Here is a story told by a Chicago mother: "About a year ago my husband was given a raise in salary, and we decided to use the money in refitting our bath-room. We did this for the reason that our boys would not use the old one without rebelling every time I asked them to bathe. Well, when the work was all done and the room looked so clean and white, the boys changed front immediately. The only trouble I have now is that once in awhile there is a scrap between the boys on account of one of them staying in too long."

This little story illustrates the point we have been trying to make—that the bath-room should be built in the most sanitary way and should be kept clean all the time, to the end that it be an inviting place for comfort and health.

AMUSEMENTS

At the Mirror Theater

Presenting a funny sketch with lots of music, pretty girls, also good, clean comedy, is what is filling the popular Fourth street playhouse this week.

Seedweeds & Barmeles is the title of the sketch but if the author of the piece were ever to drop into the Mirror and see the way the Mirror Company present it he would never recognize as the same piece he wrote for Mr. Russell cuttings his funny capers around the stage and Mr. Fitzsimmons always springing some new jokes on the comedian, keeps up a continual round of laughs.

The entire company take very good care of their respective parts and some very clever character work is done by Miss Edwards as "Sally."

The musical program is far above the average, especially the duet between Mr. Fitzsimmons and Babe Bernard which gives Mr. Fitzsimmons a good chance to bring out his fine voice. "Phoebe Jane," by Miss Edwards, was also very well rendered while the Mirror Kute Kids are as captivating as ever. The show as a whole, is a very enjoyable evening's entertainment.

—There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

Commonwealth Home Builders Stock Is Now**Selling for
30c Per Share**

Invest your money in a business that will greatly increase the value of your investment, and also pay you unusually large profits. The home-building companies of Los Angeles have been making

large dividends for their stockholders during the past fifteen years. One company states that \$100 invested Dec. 20th, 1895, is now worth \$17,276.32. The opportunity today for making large profits are greater than ever before. Co-operation is a power, and in business means success.

The first start in life towards wealth, consists in saving money. The question is, how to invest it profitably and safely. In five months over 1900 persons invested in Commonwealth Home Builders. Become a stockholder yourself, today, in a successful co-operative home-building company.

An investment in 1000 shares of stock at the present price will be the means of giving you the start towards wealth. This is your opportunity to invest while stock is still 30 cents per share. Send us your name and address and we will mail you our little book free.

Garden Grove Woman Told a Polite Fib That Turned Out Worth While

GARDEN GROVE, Sept. 30.—Mrs. J. B. Cameron was called to her door Monday night as a stranger who, with drawn revolver demanded money or valuables. Mrs. Cameron had just returned from town and briefly explained that her purse would be found in the buggy in which she had been riding. While the robber was outside searching in the buggy for her purse, she ran from the rear door of the house with it to the residence of S. D. Winters near by and it is presumed the visitor failed to find anything to satisfy him, as nothing was missed from the place.

Mrs. Eva Turner was pleasantly surprised Tuesday afternoon. While she was away from her daughter's home for a little while the room was beautifully decorated. A bountiful supper was served. It was a reminder of her birthday anniversary. The event was enjoyed by the guests of honor and a party of relatives including Mrs. Eva Dickey and family, Mr. and Mrs. J. J. Turner, Jr. and Mrs. Frees and W. D. Junkin and family.

Mrs. Mary Foote of Long Beach is a guest at the home of her daughter, Mrs. J. M. Woodruff.

J. M. Kanouse returned Wednesday from Los Angeles where he had been for several days attending to business interests.

Miss Helen Schneider was pleasantly surprised by a visit from the Cloverleaf club, of which she is a member. Mrs. Schneider had been warned of the club's visit and co-operated with the club to make it a complete surprise for her daughter.

Miss Rachel Knapp was hostess to the Bide-a-Wee club Tuesday afternoon at her home near the Katella school. This is the first meeting held by that organization since the summer vacation.

Mrs. Harriet McKean has returned with her mother from the east. Mrs. McKean made the trip to accompany her mother from Litchfield, Minn. While there Mrs. McKean visited her home that she has not seen since she left it eighteen years ago to come to California.

Mr. and Mrs. R. M. Crouch are now living in Hollywood where they moved from here this week.

**LARGER TOTAL
CROP ASSURED**

Expected, However, That Ventura County Will Show a Shrinkage in Beans

Oxnard Courier: George Hughes of Somis, was in the Courier office this morning. He states that the report that the bean crop is a little lighter this season does not apply to his section. He states that the only crop he has heard of that is lighter than last season is that of Hooker & Bell. On the other hand, there are many crops that are some heavier.

Boyd Babbert of the Las Posas has received 500 bags more this year than last year. Jake Keller is reported to have had a much larger crop, the yield averaging 26 sacks to the acre. "Taken as a general thing, the Somis yield will be larger," said Mr. Hughes. It is expected from returns that are in at this time that the entire crop in Ventura County will show a shrinkage over last year's yield. The increased acreage in Orange and other counties will make up for it, however, and it seems to be a pretty safe bet that there will be a larger total crop for all Southern California.

**SUNDAY CLOSING
PETITION IS OUT**

Orange News: A petition, which is receiving many signers, is being prepared by employees of the local postoffice, to be sent to the United States Postoffice Department at Washington, D. C. The petition asks for a Sunday closing of the postoffice.

The privilege is enjoyed by post office employees in most of the surrounding cities and towns, and the Orange clerks believe they should also be allowed the day off. The closing would apply only to the general delivery and rural delivery windows, while the mail in the boxes would be delivered as usual. The clerks are receiving much encouragement in the way of signatures.

There is also a paper being circulated among the citizens, petitioning for the establishment of a carrier service here, such a convenience having been due for some time.

Business College Notes

Mr. Louis J. Tillotson, a graduate of the Orange County Business College with the class of 1908, who has been taking a post-graduate course in that institution during the past month or two, leaves tomorrow for Imperial, Calif., to accept a position as bookkeeper for the Imperial Water Co. of that place at a salary of \$75 per month to start. Two years ago Mr. Roy Adams went direct from this college to a position with the same company at the same salary to start and now he is receiving \$110 per month.

Mr. W. R. Howell, who graduated with the class of 1909 in Orange County Business College and has since been holding a good position as bookkeeper and stenographer with Bergman & O'Leary, is now taking a post-graduate course in the night school to prepare for the civil service examination. Since Mr. Leon Griset of last year's class received an appointment to Panama at \$100 per month, several of the other students of his class are thinking more favorably of working for Uncle Sam.

President J. W. McCormac, Miss Margaret Lacy, Miss J. Frances Emans and Miss Grace Taylor of the faculty of Orange County Business College, represented the school today in the Anaheim parade, riding in a decorated automobile.

Mr. Glen Schlammer of the class of 1909, who has been playing in the orchestra of a Pasadena theater since that time, returned to Santa Ana today to accept an engagement with the Bell Theater.

Tustin Correspondence

By Miss Squier

Change in Residence
Chas. Willard and family moved last Wednesday and are now located on the corner of A and Main streets, in the Adams house.

L. Kaiser is now living on the corner of Main and Glenn avenue.

New Automobiles in Tustin
Mrs. P. Wollenberg is the owner of a fine new Studebaker E-M-F car, which she purchased this week.

W. D. Bowman also bought a car this week, his machine being a five-passenger Ford.

Wm. Bowman recently purchased a two passenger Oldsmobile.

F. A. A. Meets
The Fraternal Aid Association met last Monday evening. After the conclusion of the business session, the gentlemen passed ice cream and melons, and all spent a very enjoyable social hour. A call was made for a special meeting on Oct. 9 for the initiation of candidates. A full attendance is desired.

C. E. Social Postponed
The Christian Endeavor county fair social, which was to have been held on the school grounds last evening, has been postponed indefinitely on account of the rain.

Embroidery Class Meets
Richards Art Embroidery Class No. 1 met with Mrs. C. C. Lambert on Wednesday afternoon. Mrs. Mount, Mrs. Mann, Mrs. Ed. Smith, Mrs. Coler, Mrs. P. W. Schwartz, Mrs. P. C. Stearns, Mrs. Chas. Artz, and Mrs. Tuttle were present. Refreshments were served and all spent a very enjoyable afternoon.

Items of Interest
Mr. John Sauers, whose 40 acre walnut grove on Irvine Boulevard is interest with apricots, is now having the apricots taken out.

The Tustin Lemon Association shipped two cars of lemons this week. The new music room which Ed. Utt has had built for his children is just completed.

Utt and Stevens have shipped in another carload of steel pipe to be used in extending the water line on their ranch further into the hills.

Bean men in this vicinity are much alarmed over the rain, as they fear it will cause much damage to their crop.

The Tustin Hills Citrus Association expects to commence picking and packing some late Valencia's next week.

The Missionary Society of the Advent Christian church met Tuesday afternoon with Mrs. J. H. Brown.

John Pearson is building a new barn on his ranch on Holt avenue. The contract was let to A. E. Bird of Santa Ana.

The Tustin Packing Company shipped four cars of oranges and one of lemons this week.

Stearns Bros. will start their horse-clipping machine in operation Oct. 5, on the corner of Main and E streets.

A class in vocal music is being organized, to meet at the Advent Christian church every Thursday evening at 7:30. It will begin with the rudiments and will later be expected to develop into organized chorus work if the interest continues. The expense will be light, and everyone will be welcomed.

Fred Graves has sold his two houses on E street, one to Mr. Hawkins and the other to Mr. Morgan. Messrs. Hawkins and Morgan are blacksmiths in Tustin.

Interesting W. C. T. U. Meeting
The Tustin W. C. T. U. meeting was held at the home of Mrs. C. A. Miller on East Fourth street, Thursday afternoon. In spite of the inclemency of the weather quite a number of ladies were present.

The meeting was called to order by the president, Mrs. A. L. Shatto, who also conducted the devotional exercises. Several passages of scripture, relating to the subject, "Christian Citizenship," were read.

Two invitations were received from other unions; one from Huntington Beach, where the ladies are planning an all day meeting in the interest of suffrage on Saturday, Sept. 30; the other from Santa Ana, asking the Tustin union to join with them in an open air meeting to be held in Birch Park on October 17.

Much interest was manifested in the effort the liquor forces have been making to gain a foothold in "dry" territory under the new local option law.

**SANTA ANA'S FIRST
GAME ON OCT. 21**

The schedule for 1911 season adopted at last night's meeting of Southern California interscholastic football conference held in Los Angeles follows:

Oct. 21, Santa Ana and San Diego at San Diego.

Oct. 28, Pasadena and San Diego at Pasadena.

Nov. 4, Long Beach and San Diego at San Diego.

Nov. 11, Long Beach and San Diego at Long Beach; Pasadena and Santa Ana at Pasadena.

Nov. 18, Santa Ana and San Diego at Santa Ana; Pasadena and Long Beach at Long Beach.

Nov. 25, Long Beach and Santa Ana at Long Beach.

James Willis Rice desires to announce that he has resumed his class. Those desiring violin instruction may communicate with Mr. Rice at Tustin, or phone Red 2024.

Mrs. Rawlings, the superintendent in charge, had planned a very pleasant surprise and the ladies who attended were well repaid for their effort.

Mrs. J. N. Anderson from Santa Ana union read an able paper on the laws of California that affect women and children. This was the same paper that was recently read before a county executive. It was considered well worth repeating as it contained so much valuable information.

Mrs. W. B. Tedford, another Santa Ana lady, had prepared an interesting paper on Equal Suffrage, but owing to the lateness of the hour, it was not read, much to the regret of the union.

Greetings were brought from the Salida, Colo., union by Mrs. Musick, a visiting member. The Misses Florence and Lucile Miller favored the union with a piano duet.

Mrs. George Prather has been suffering this week with the grippe, but is improving now.

**AULD LANG SYNE
CLUB HAS MEETING**

GARDEN GROVE, Sept. 30.—Mrs. Georgia H. Fitch entertained members and friends of the Auld Lang Syne Club, Thursday, in her beautiful home at 1246 West 51st street, Los Angeles. The rooms were tastefully decorated in smilax, and the words, "For Auld Lang Syne," in green and gold letters were over the doorway. A dainty three-course luncheon was served at 1 p. m. Most of the time was spent in renewing old acquaintance.

Those present from Santa Ana were, Mrs. Emma K. Wassum, Mrs. Mabel T. Lowell and Miss Percy Head.

Those present from Garden Grove were, Mesdames Mina R. Newsom, Agnes W. Stanley, Lida E. Mitchell, Estelle W. Harper, R. Robinson and Miss Bertha Robinson.

Those from Long Beach were, Mrs. Belle Sturgess, Mrs. Alice Hough and

**The Value of the
Country Newspaper****Its Great Value to the
Local Merchant**

To begin with, the Local Newspaper, in proportion to its circulation, is infinitely the Most Valuable Advertising Medium of this Twentieth Century.

**Let Us Show You Our
Way of Reasoning**

The value of the Local Newspaper is based largely upon the fact that the people who read it look upon it as a Neighbor and as a Friend, as a Personal Acquaintance, and they attach to its printed statements and to its advertisements far greater importance than to the statements and advertisements of the metropolitan papers, or those made in circulars and bills.

As one friend talking to another about certain kinds of goods, can influence a friend more than a stranger, so a Country Newspaper, standing on a footing of friendship with its readers, can talk to them about goods, or on any topic and impress them as much as their Best Friend.

We are positive that the Register has the friendship of its more than 12000 daily readers. We base our assertion on the fact that the Register advertisers get results and get them immediately.

**SAN DIEGO QUAIL
GO BY STATE LAW**

An ordinance governing the shooting of quail and prescribing the open season in San Diego county, passed several years ago, will be repealed by the San Diego supervisors October 3. The repeal of the old one is by passage of a new one, which will become effective on that date. The new ordinance prescribes that the state law will govern the shooting of quail in the county. According to the state statute the season for valley and desert quail is from October 15 to November 15, and for mountain quail from September 1 to January 1.

SHANNON

State Printer Shannon has placed himself in a position not to be envied. Any public officer whose office has been run as it ought and whose acts are not of a nature to need censure will be ever ready for investigation. It is he who has cause to fear the light who blocks legitimate inquiry. Shannon can hardly expect the people of California to look upon him as a servant deserving of commendation. He has not acted the part of an innocent man suspected of wrongdoing.

Governor Johnson in his address at Santa Ana stated that the administration had gone into the state printer's office and by proper buying had secured white paper for the use of the print-shop at one-fifth less than usual, and ink at one-fifth the regular price paid by that office.

Certainly the time was ripe for an investigation of the acts of State Printer Shannon.

Attention is called to the statement from City Superintendent of Schools Cranston, printed elsewhere in this paper, in regard to attendance at the schools. Under the new law the compulsory attendance law applies to children from 8 years of age to 15 years, instead of 8 to 14 as it was last year, and attendance is made compulsory for the whole school year instead of for only a part of the school year.

Have you noticed that whenever any of the Los Angeles papers have articles concerning the crops of Southern California Orange county always has prominent mention? Orange county, though the smallest of the southern counties in area, is conceded to have the biggest crop of walnuts, estimating sacks, in any southern county. It is away up in the list of lima bean growers, and likewise when it comes to sugar beets and oranges, to say nothing of celery, apricots, lemons, cabbages, grain, hay and a score of other things.

Fullerton News: What a lot of depressing people one is obliged to meet in a life-time who always mar things by "throwing cold water" on cherished plans of others! It seems to be a delight to them to crush the enthusiasm and ambitions by doubting the ability or courage of the worker. There are parents who wonder why their children and complain often-times because a child does things unbeknown to them, without consulting them about the plans. Perhaps these parents when the child was young laughed at him and made fun of some little ambition that he had to do something and there arose in the spirit of the child a lack of trust towards the one who should have shown an enthusiasm and not repression in his simple endeavors and plans. Then the child wanders away and may be he finds some one who gives him the sympathy and the interest his soul craves for his work and the confidence and trust are given freely. It is praise the child needs, not criticism and tearing down of things. Many a man and woman have recalled in after years the sting of a careless remark about them. Of course all children should be corrected of any fault which they commit but the depression that comes from the habit of never seeing any good points in their work, hurts, and so they cannot place confidence in such people. Nothing shrivels the flowers of happiness like criticism, and it depresses the spirit of enthusiasm, too. Man is nothing but a grown-up child and he needs the encouragement and words of praise. It makes the weariness of a hard day's work forgotten when one knows that

FALSE ECONOMY IS

A Strong Factor in the High Cost of Living

Using a low grade flour is a case in point. It will not bake as many loaves to the sack, while the difference in cost may be only a few cents.

Remember our high grade Apple Blossom Flour cost only 10c more than some of the so-called cheap brands of flour and there is no comparison in quality or results. Try it. Every sack guaranteed.

County Home Rule, Employers' Liability and a Doubtful Amendment

Cities in California have had Home Rule in municipal affairs since 1879, under the Constitution. Senate Constitutional Amendment No. 5, which will be known as No. 2 on the ballot, extends Home Rule to counties. It enables county boards of supervisors to call, or the people by petition may compel the calling of, an election of a board of freeholders, who shall frame a charter for the county, to be voted on by the electors. The supervisors, or the electors by petition, may propose amendments to be voted upon.

The charter may provide for the mode of selecting all county officers, their compensation and powers, and the number of employees in each office; the formation and government of road districts; and the inclusion of incorporated cities in such districts (should a majority of the electors consent), and the issuance of bonds. A charter adopted under this amendment shall become the supreme law in county affairs, except that the powers and duties of county officers shall be subject to general laws. If the people become dissatisfied with this system of government, they, by petition, or the supervisors, may call an election, and, should the voters so decide, the present form of county government shall be resumed.

Under the existing Constitution, counties must go to the legislature for every detail of their regulation and laws. Many burdensome salaries have been put upon the people by county politicians through manipulation in the legislature. The blocking of local measures is a common way in which corporations force legislators to vote for their bad bills, by trading. Senate Constitutional Amendment No. 2, which will be known on the ballot as No. 10, authorizes the legislature to create and enforce a liability on employers for injury to employees. This amendment has been approved by many of the organized

bodies of both employers and employees. A bill was adopted at the last session of the legislature, creating an Accident Board, and permitting employers and employees to voluntarily assume the relations proposed by this amendment. Many of the largest corporations of the state have applied to that board to be placed under its jurisdiction, and their employees have filed their consent to the same. The labor unions all favor the same system.

Under the existing law, an accident to an employee generally involves a law suit that is expensive for both parties. Lawyers now reap large fees, no matter who may win. The employee is generally bound by a contract to give the attorney half or more of the sum recovered. This amendment will permit the trial of such claims by an Accident Board appointed by the Governor (on which both employers and employees may have representation), without the expense of attorneys. All delays, uncertainties and expense in the settlement of such claims will be done away with.

Senate Constitutional Amendment No. 20, which will be known on the ballot as No. 6, is not being put before the people honestly. The title says it re-creates "charters and amendments thereto." The people were told its purpose was to permit the amendment of charters oftener than two years. Even this is restricted to being voted upon at a general municipal election, and cannot be voted on at a special election.

This amendment carries a rider, providing very briefly for the borough system of government. This is a radical change in our municipal system. The people should be given an opportunity to consider it alone. It should not be a rider to another amendment. Schemers should not be permitted by constitutional amendment to impose on the voters forms of government they have not demanded, the deceptive titles of which prevent them from being considered on their merits.

Our Washington Letter

WASHINGTON, Sept. 29.—The State Department is encountering considerable difficulty in finding suitable sites for embassy and legation sites abroad. When Congress passed the bill for purchase by this government of such buildings, it named \$100,000 as the maximum price which could be paid for any one building. From estimates submitted to the Department it now appears that this restriction may prevent Uncle Sam from acquiring homes for his diplomatic officers in any of the big foreign cities. It is only at the smaller posts, it is said, that the Government will be able to purchase sites within this figure. It is possible that the State Department may ask Congress to make an exception in certain cases to permit extension of the law to such cities as London, Berlin, St. Petersburg, Paris and others.

The Department of Agriculture in a grave legal opinion, just issued, has decided that "insect powder" must be made of powdered chrysanthemum flowers.

Henceforth, a manufacturer of bug destroyer who labels his product "insect powder" and puts such perfectly good insecticides in the concoction as tobacco or hellebore, will be liable to prosecution as an adulterator.

"The board," the decision reads, "holds that the term 'insect powder' is used in both a generic and specific sense, the former applying in cases where no attempt is made to designate a particular article. A similar condition exists in the use of the word 'flour.' There may be 'rye flour,' for instance, but the word 'flour' standing alone and used to designate a specific article, means 'wheat flour.' Similarly there may be hellebore insect powder and tobacco insect powder but the term 'insect powder' used without qualification, signifies a definite article—insect powder made from powdered heads of a species of chrysanthemum."

he has done something that was appreciated. Today is sent to every one that he may be better prepared for what will come tomorrow, so it is wise not to crush the spirit of another but to help somebody else along the way. And the depressing individual is always ready with a bucket of water to kill the fires of enthusiasm.

Santa Ana Bulletin: There is no doubt that Santa Ana is in need of a Polytechnic High School. We can't afford to lag behind our neighbors in this matter, but laying aside all of that, we should have that Polytechnic school. It is a crying necessity, and we should give our children the best there is in preparing them to go out and battle with the difficult problems in life. Something practical has long been needed in our schools, and the Polytechnic school fills that long felt want. Of course this means a bond issue and a slight increase in taxes, but we should not let this stand in our way. We are still of the opinion that a joint Polytechnic high school with Orange would be a splendid thing. With both towns together and the outside territory, we could erect and equip a Polytechnic high school second to none in the state. This combined strength is worth considering, and it is worth the time of our people to look into this matter thoroughly, but if we find that it is impossible, let that not stop us from having a Polytechnic high school in Santa Ana.

LYMAN SAID SHERIFF TALKED VERY ABUSIVELY TO HIM

KLAMATH FALLS, Ore., Sept. 30.—In charge of Deputy United States Marshal Rrnerich, Dr. J. Grant Lyman was brought here last evening from Lakeview. With him was J. W. Thorne, his nurse, and Chantour Merle, who drove Thorne and Lyman to Lakeview.

The prisoners were scheduled to appear before United States Commissioner R. M. Richardson this morning. According to Lyman, Deputy Rrnerich was very abusive to him and told him he would like to kill both him and his companions.

PRICE OF MILK IS RAISED SAN BERNARDINO MILKMEN

SAN BERNARDINO, Sept. 30.—The dairymen of San Bernardino have raised the price of milk, and blame the County Board of Health for the increase. Beginning October 1 the price of milk will be 5 cents a pint and 10 cents a quart. The dairymen say the Board of Health has compelled them to make costly improvements at their dairies.

AFRICAN RHINOS They Are Nervous and Cowardly Rather Than Ferocious

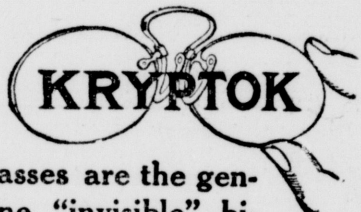

Instead of being a savagely ferocious animal, the African rhinoceros is a cowardly, shortsighted creature, according to John T. McCutcheon in "Hunting Adventures in the Big Game Country." He says:

"After the rhino has taken his dirt wallow and looks fine in his new red coat he then slowly and painstakingly proceeds to kill time during the rest of the day. If danger threatens he becomes exceedingly nervous and excited. His anxiety is quite acute. In vain he tries to locate the danger, rushing one way for a few years, then the other way and finally all ways at once. His tail is up, and he is snorting like a steam engine.

When he rushes toward you in this attitude it looks very much as though he were charging you with the purpose of tramping you to flinders. As a matter of fact—or, rather, opinion—you are in order that he may run the other way. He looks terrifying, but in reality is probably badly terrified himself. He would give a good deal to know which way to run and finally becomes so excited and nervous that he starts frantically in some direction, hoping for the best. If the rush happens to be in your direction you call it a charge from an infuriated rhino; if not, you say that he looked nasty and was about to charge, but finally ran away in another direction.

In most rhino charges it is my opinion that the rhino is too rattled to know what he is doing, and instead of charging maliciously he is merely trying to get away as fast as possible. And in such cases the hunter blazes away at him, wounds him, and the rhino blindly charges the flash.

An Automobile Fact

The Annual Madison Square Garden Automobile Show is prized higher by automobile manufacturers throughout the world than any other feature connected with the automobile industry.

For fear you are not entirely familiar with the arrangement that has always been in vogue for allotting this space, we will add, that all of the leading manufacturers are members of this association, and the space is allotted to each manufacturer furnishing this association a sworn statement of the volume of business the manufacturer has done the year preceding the holding of the show, first choice going to the member showing the largest volume. Last year first choice went to the Buick Motor Company, their volume having greatly exceeded that of any other automobile manufacturer. This year the Buick was also given first choice in the drawing, as evidenced by a public notice in the "Motor Age" of September 7th, on page 16.

There has been so much said about the relative production of the several leading automobile manufacturers of America, the size of their plants, number of cars produced, etc., that this information is especially relevant at this time, and it will be interesting to know just how several of our competitors, who have claimed the distinction of being the largest manufacturers of automobiles in the world for the past year, will meet this argument.

DELIGHTFUL WHIST PARTY

The Misses Tiede Entertained Pleasantly Last Night at Their Home

The spacious parlors of the A. C. Tiede home on Washington avenue were bright and cheery last night with brilliant lights and lovely roses, affording a delightful contrast to the cloudy aspect of the out-of-doors, where rain indications were plentiful. In keeping with the cheer of the rooms was the charming welcome given the guests who had been asked to a pleasant progressive whist party given by Misses Josephine and Blanche Tiede.

There were four tables of players, and when scores were compared it was found that Miss Lida Covert was entitled to ladies' first prize, a handsome hand-embroidered handkerchief; Miss Ava Wells to the consolation, a tiny deck of cards, and Ashby Turner to a hand embroidered tie rack, first prize for gentlemen. When the prizes had been awarded, the hostesses served delectable refreshments on the tables that had been used for the games. Merry chat went on at the cozy tables as the delicious viands were enjoyed. Indeed the entire evening was delightfully spent.

Besides the hostesses and their father, A. C. Tiede, there were present the following: Mr. and Mrs. Hoyt Hall, Mr. and Mrs. Ray Steadman, Mrs. Covert, Misses Lida Covert, Ethel Gardner, Elizabeth Perkins; Messrs. Ashby Turner, A. B. Henrickson, Harvey Gardner, Don Milliken.

Representatives of Santa Ana civic bodies went to Anaheim today to participate in the parade, which was held at 1 o'clock. Deputy Sheriff Jernigan was grand marshal.

DON'T BE UNREASONABLE

If You Neglect the Care of the Scalp You Should Not Expect Beautiful Hair

The hair is more exposed and hence more liable to accumulate dust and dirt than any other portion of the body.

In spite of this the hair receives, as a rule, the least attention, and no real effort is made to keep it healthy.

If the dandruff germ is allowed to work unmolested and the scalp becomes crusted with dirt accumulations, one may expect the hair to die and fall out. There is no cause for surprise in this phenomenon; it is natural and happens in every instance where the care of the hair and scalp is overlooked.

The one sure remedy which prevents the loss of hair and permits a healthy, luxuriant growth is found in Newbro's Herpicide.

The dandruff germ cannot live on a head to which Herpicide is regularly applied. The germ dies. The hair ceases to fall. The terrible itching stops almost instantly.

That is what Newbro's Herpicide does.

Prayer meeting Thursday, 7:30. Lesson from 2nd chapter of John's Gospel.

Way Incorporate

Artesia News: The time is drawing near for the incorporation of Artesia, and the people of the community should begin to look into the subject.

Other towns are taking on the city dresses and forging to the front. Artesia is growing more rapidly than any town in this part of the county and will soon be large enough to handle its own affairs. No town ever arrives at any degree of prominence until it incorporates.

AT THE COURT HOUSE

ARE SEEKING
HORSE THIEF

Sheriff of Orange County Is
Working With San Bern-
ardino Officers

Sheriff Raddock is today working in conjunction with Deputy Sheriff Hewins of San Bernardino county in the hope of capturing a horse-thief believed to be in this county.

On Thursday night a grey horse and a buggy were stolen in San Bernardino by a man who was accompanied by a 12-year-old boy. The San Bernardino officer traced the rig as far as Olive, the man, whose name is unknown, stopped at Corona yesterday and got a shave. He is between 30 and 35 years of age and has a brown mustache, weighs about 160 pounds.

The horse is grey, stocky-built, fat, black mane and tail, wire scar on right side of neck and shoulder, old scar on right hip. The buggy is a low-wheeled, black runabout.

Has No Attorney
Though professing no love for him and asserting that she always did consider him a little crazy, Mrs. Joseph E. Saniger No. 2, has not deserted her husband who is in the county jail on a charge of bigamy. Yesterday afternoon she came here from Los Angeles with Attorney Robert C. Fairman, and the two interviewed Saniger at the county jail. Mrs. Saniger No. 2 in getting a permit at

the sheriff's office to visit the jail, told the deputy that Saniger was second choice with her, and she always had considered him a little insane.

Suit Is Brought
Suit was begun yesterday afternoon in the superior court by Moe A. Reuben and Lazarus Isaacs, doing business under the name of Isaacs Bros., against L. Z. Koeger. The plaintiffs allege that the defendant gave them three notes aggregating \$1435, on which \$350 has been paid. Judgment for the balance with \$20 for the cost of protest and \$135 attorney's fees is asked. F. C. Spencer of Anaheim is attorney for the plaintiffs.

Marriage License
On Sept. 29—Erwin Ralphs Fairbanks, 36, of Imperial, and Estelle Balcorn, 31, of Fullerton.

On Sept. 30—Frank D. Cartzadner, 47, and Nettie M. Terry, 39, both of Los Angeles; Harry M. Hazard, 29, and Carmen E. Hess, 24, both of Santa Ana; Victor C. Leake, 24, and Ethel E. Johnson, 19, both of Los Angeles.

Attachment Case
Sheriff Wilson of Riverside has returned papers showing that he has attached \$350 and stock and implements in the hands of the Nuevo Co. belonging to N. J. Storm. The attachment was made as the result of suit brought against Storm by J. R. Fowler of Santa Ana. Fowler sued for \$159.20 on his own account and \$192.75 for Robert Crockett. Both bills were for implements sold to Storm.

THE STORM'S FALL
IS HALF AN INCH

The rainfall for the storm is .54 in., according to the gauge kept by Justin Copeland on Sycamore street, opposite the courthouse. Reports from over the county show about one-half of an inch everywhere. Those who have worried most are the ranchers who still have beans in the field. While there has been some damage to beans, and no good could come to them from the rain, the sunshine of today may avert any damage of consequence.

AUTOMOBILE
CAUGHT FIRE

Blaze Brought Out the Orange
Fire Department—Con-
ference Today

ORANGE, Sept. 30.—A blazing automobile caused a fire alarm to be sent in last night. After an entertainment at the high school, L. F. Thurston of Villa Park endeavored to start his automobile, but failed. He struck a match. Fire blazed up from his carburetor. Thurston was almost caught in the flames. The fire was put out before the firemen arrived. The damage to the automobile was not great.

Opens Monday
The Richland Walnut Growers' Association opens its packing-house on Monday, and thereafter will be open to receive walnuts three days each week, Tuesdays, Thursdays and Saturdays.

Holding Conference
Representatives of the various high schools of the county are holding a conference here today to arrange schedules for football, basketball and baseball games.

What Most Men Will Wear!
Those men who care least about clothes still have some preference as to color.

And because each season brings its popular shades, most men, consciously or unconsciously, follow fashion in this direction.

This season blues, grays and tans are the vogue—commonplace colors, mostly, yet correct.

Adler-Rochester Clothes
In Adler-Rochester clothes, however, you will find them different.

This is due to the 20th Century methods of the makers.

Each season Adler-Rochester woolen experts visit the leading woolen mills—selecting and creating patterns among the choicest, most favored shades.

And the designing and tailoring are done with an equal amount of care.

Adler-Rochester designers gather their style-ideas from the fashion centers of the world. And these are executed with a skill that is rare in the tailoring craft.

You'll wear Adler-Rochester clothes—and no others—once you've inspected our Spring stock.

Suits and Overcoats, \$20.00 to \$30.00.

GENERAL STATEMENT
AS TO WHAT THE
AMENDMENTS MEAN

(Continued from page one)

be elected and may require more than a plurality vote, to elect.

Amendment No. 13
Abolishes the Justice Courts and grants the legislature power to establish other inferior courts. Abolishes the fee system.

Amendment No. 19
Provides that passes may be granted to peace officers of the state by transportation companies and the legislature would have power to require the same for such officers.

Amendment No. 20
Makes the office of Clerk of the Supreme Court appointive by the Supreme Court instead of elective.

Amendment No. 21
Provides that Appellate Courts may be impeached as well as other courts.

Amendment No. 22
Makes \$1000 worth of property of old soldiers and sailors exempt from taxation.

Amendment No. 23
Provides that no transportation company shall raise the rates for the transportation of passengers or freight without the consent of the railroad commission, and the decision of the commission shall not be reviewed except on the question as to whether the rates required by the commission is a confiscation of property.

Shall not charge more for a short haul than for a long haul of like commodities over the same territory.

Shall not discriminate between shippers.

The above is not intended to give in detail all that is embodied in the amendments but to give in a general way what is intended in each amendment.

Aid to Perfect Health
That the body may be in a perfectly healthy, normal condition, it is necessary that the various organs perform their natural functions in the regular manner.

This is particularly true of the liver, the principal work of which is the separation of various poisonous materials from the blood. Unassisted these are withdrawn and disposed of, they are reabsorbed into the system, resulting in a gradual poisoning of the whole system.

Rehall Liver Salts has proven remarkably efficacious in aiding the liver to properly perform its functions, and for this reason we most highly recommend the use of this preparation to you.

MAYOR ALEXANDER FAVORS CITY ELECTRICAL SYSTEM

LOS ANGELES, Sept. 30.—Mayor Alexander yesterday declared that bonds should be voted for an electrical distribution system, before entering into negotiations with the local power companies with a view to purchasing that power.

He disapproved the attitude assumed by the finance committee Thursday with reference to having the Public Service Commission enter into negotiations with the power companies before recommending a bonded indebtedness for a distributing system.

YOUTHFUL AVIATOR NOW HAS GUARDIAN—CAN TAKE CONTRACTS

LOS ANGELES, Sept. 30.—Alice Williams was appointed guardian of Beryl Williams, a 19-year-old boy, in Judge Rives court yesterday so she could sign a contract for him to become an aviator.

Mrs. Williams is the mother of Beryl. The contract she desires to sign for him is with the Aeronautical Society of California. It provides that he is to get a certain percentage of the net receipts at all aviation meets. The contract especially provides that the society will not be responsible for any accident that might befall young Williams. The boy's father is dead.

EXPRESS OFFICE ROBBED

HAMILTON, Ont., Sept. 30.—The local offices of the Canadian Express Company were robbed of \$15,000 in cash Thursday night.

LICENSED ELSEWHERE

BIG RAILWAY STRIKE
BEGAN TODAY

(Continued from page one)

—This morning at 1 o'clock an Italian cruiser destroyed a Turkish destroyer in the harbor of Prevesa and landed troops. A Turkish battalion is marching on Prevesa.

The Italian invasion of European Turkey is regarded as fraught with tremendous consequences, as it is far to the northeast of Tripoli, to which it was asserted the war would be confined. Epirus, in an Albanian province, is the theater of many rebellions against the sultan.

Italian munitions of war, it is discovered, have been lately sent into Albania in quantities.

PARIS STOCK EXCHANGE
WEAKENED BY CONFLICT

PARIS, Sept. 30.—The Stock Exchange is in a weak condition today as a result of the heavy withdrawals of deposits by Italian bankers, on account of the Tripolitan trouble.

These withdrawals have advanced the discount rate considerably.

CATARRH SUFFERERS

If You Don't Know About Hyomei Try It at Rowley Drug Co.'s Risk

Nearly every reader of the Register has read about HYOMEI, but many of them continue to suffer from catarrh just because they do not exactly understand just what HYOMEI is.

To these sufferers the Rowley Drug Co. says you don't have to know anything about HYOMEI except that you breathe it and that it does not contain cocaine or opium or any harmful drug.

You can find out all about HYOMEI without taking any chances whatever. Just get an outfit today, read the simple instructions, give it a fair trial and then if you are not willing to say that it is the best remedy for catarrh you have ever used, the Rowley Drug Co. will gladly return your money.

A complete HYOMEI outfit costs but \$1.00. Extra bottles 50 cents.

LONDON KEEPS UP JOY OVER
DEFEAT OF RECIPROCITY

LONDON, Sept. 30.—Conservative newspapers here continue to rejoice over the defeat of Taft's reciprocity agreement in the recent Canadian election.

The tone of most of these editorial comments is anti-American. All see Canada the still loyal province and hint that the solidity of the empire was threatened by a "wicked political plot."

The "treasonable covenant" between Taft and Laurier's "dishonest grafting" government is prominently placed in these fervid editorials.
